## **EARLY INTERVENTION: THE WAY FORWARD**

den 15. og 16. april 2010

12 timers undervisning ved

**Professor Jonathan Bisson**

Director of Research and Development at Cardiff University School of Medicine & Cardiff and Vale University Health Board, Cardiff, UK

---

2 days workshop discussing the evolution of early interventions to prevent posttraumatic stress disorders, addressing the evidence for a wide range of psychosocial and biological approaches to intervene in the first 3 months following a traumatic event, and exploring with participants the emergence of newer approaches, such as psychological first aid and trauma risk management.

The workshop has described an evidence-informed approach to psychosocial care following major traumatic events, including organisational, practical and clinical responses and has used case examples to illustrate the approaches and to impart relevant skills to the participants.
